State Comptroller Publishes Pension Contribution Rates

State Comptroller Thomas P. DiNapoli recently announced the New York State and Local Retirement System (NYSLSRS) employer contribution rates for State Fiscal Year 2020-21 will remain the same as the previous year for the Employees' Retirement System (ERS), with a small increase in rates for the Police and Fire Retirement System (PFRS).

The Comptroller is also dropping the long-term assumed rate of return on investments from 7 percent to 6.8 percent, anticipating a lower return investment environment.

The estimated average employer contribution rate for ERS will remain at 14.6 percent of payroll. The estimated average employer contribution rate for PFRS will increase by 0.9 percent, from 23.5 percent to 24.4 percent of payroll. NYSLSRS is made up of these two systems, which pay pension benefits to public employees.

A copy of the press release can be viewed via the following link:
